I. Mission and Philosophy

The Edward Waters University community is committed to fostering a campus environment that represents our Christian tradition, is conducive to academic inquiry, a productive campus life and thoughtful study and discourse. The student conduct program within the Office of the Associate Vice President for Student Success and Engagement is committed to an educational and developmental process that balances the interests and safety of individual students with the interests and safety of the Edward Waters University community.

A community exists on the basis of shared values and principles. At Edward Waters University, student members of the community are expected to uphold and abide by certain standards of conduct that form the basis of the Student Honor Code. These standards are embodied within a set of core values that include integrity, social justice, respect, community, and responsibility. An Edward Waters University student represents the Institution at all times, therefore, the Institution maintains high standards of behavior on and off campus, during the semester and in between terms.

Each member of the Edward Waters University community bears responsibility for their conduct and to assume reasonable responsibility for the behavior of others. When members of the community fail to exemplify these five values by engaging in a violation of the rules and standards below, campus conduct proceedings are used to assert and uphold the Student Honor Code.

The student conduct process at Edward Waters University is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students’ moral and ethical decision-making and to help them bring their behavior into accord with our community expectations and develop an understanding of the impact of their behavior. When a student is unable to conform their behavior to community expectations and/or their behavior is a danger to themselves or others, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students should be aware that the student conduct process is quite different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fundamental fairness but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures a written notice and a hearing before an objective adjudicating officer or board. No student will be found in violation of Edward Waters University policy without information showing that it is more likely than not that a policy violation occurred (standard of proof). Sanctions will be proportionate to the severity of the violation, its impact on the community and its members, and to the cumulative conduct history of the student.
II. Values

Edward Waters University is guided by its core values:

- **Christian Principles** – Ethics and doctrines predicated on the AME Church theology “GOD our Father, CHRIST our Redeemer, MAN our Brother.”
- **Excellence** – Superiority, eminence, distinction and quality in scholarship, leadership and citizenship.

- **Cooperation** – Fostering the concept of teamwork as a means to success.
- **Customer Service** – Employing the Biblical tenant Matthew 7:12; “Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.”
- **Professionalism** – Practicing proficiency, skill and expertise in all that we undertake.
- **Student Engagement**– Cultivating within our students a thirst for education, a desire for higher level thought processes and a willingness to persevere despite challenges.
- **Scholarship** – Creating a culture of erudition through a nurturing spirit.
- **Diversity** – Endeavoring to celebrate the uniqueness of all cultures with appreciation and understanding.

The foundation of any organization is reflected by its values. In support of the Core Values of Edward Waters University, the Division of Student Success and Engagement has also adopted the following values statements for the Student Honor Code. The Student Honor Code exists to ensure that all students have the opportunity to pursue their education in a safe, respectful environment.

III. Learning Outcomes

2. To assist students in the learning process of transforming adversity into opportunities for growth
by moving through adversity, building new skills to overcome adversity, and by establishing higher functioning norms after adversity.

3. To behave in regards to the interdependence of all members and aspects of a community.

The Associate Vice President for Student Success & Engagement also serves as a confidential resource available to assist students in resolving problems, complaints and other issues when normal processes and procedures have not worked satisfactorily.

Reasons students would seek the assistance of the Associate Vice President for Student Success & Engagement may include:

- Seeking advice to respond to an uncomfortable living situation,
- Finding a resource to assist with a health issue,

- Navigating a personal problem that you are facing, and/or

Even if a student is unsure if the Associate Vice President for Student Success & Engagement Office is the right place to seek information or help, it remains to be an excellent starting point.

The Associate Vice President for Student Success & Engagement is also responsible for the administration of the Student Honor Code, so if students find themselves in a compromising situation, or have witnessed unacceptable behaviors, the Associate Vice President for Student Success & Engagement is there to address all concerns and help students stay on a successful path.

Regardless, the Associate Vice President for Student Success & Engagement will safeguard student rights and work to build a community that is reflective of the values of Edward Waters University.
B. Complaints and Grievances

The primary objectives of The Student Complaint and Grievance Procedure are to ensure that students have the opportunity to present grievances to the Institution regarding a certain action or inaction by a member of the University community and that the Institution has a consistent way of resolving those grievances in a fair and just manner.

A student may pursue a grievance if he or she believes that a member of the University community has violated his or her rights.

This Student Grievance Procedure applies to alleged discrimination on the basis of race, color, religion, sex (including sexual orientation and gender identity and expression), age, national origin, or disability as well as problems arising in the relationship between a student and the Institution that are not governed by other specific grievance procedures (such as Student Honor Code, Harassment, Discrimination, Sexual Misconduct, and Retaliation Complaint Procedures, Institution Policy and Procedures). Upon request from any student, the Office of the Associate Vice President for Student Success & Engagement will provide guidance about the appropriate system for redress of a particular complaint.

Essential Elements of Grievance Procedures.
All grievance procedures within the Institution structure must provide for:

1. a time limit, not to exceed thirty calendar days from the written submission of a complaint to its hearing, with provisions for extensions for good cause;

2. the opportunity for each side to submit supporting materials and introduce supporting witnesses;

3. the opportunity for each side to be informed of material supporting the action or position of the other side;

4. the exclusion of any party involved in the complaint from the rendering of any decision;

5. the creation of a record of the proceeding, including audio tape recording of the hearing and a written decision of the hearing body.

Filing the Initial Grievance

Prior to escalating grievance procedures described below, the student and the responding party is required to:

1. Present his or her complaint, in writing, with the person alleged to have caused the complaint, or that person’s immediate supervisor within 15 days of the student first becoming aware of the act or condition that is the basis of the complaint.

2. The person alleged to have caused the complaint must respond to the student, in writing, within five (5) business days. The required writing does not prohibit verbal discussion.
Grievance Escalation and Review

If a student is not satisfied with the response, he or she (and responding party) must:

1. Escalate the complaint, in writing, within 10 days of the first received response, to the chair, director, or next level supervisor (hereinafter “administrator”) of the department or area where the person alleged to have caused the complaint is employed.
2. If the complaint is against the chair or director of a department or area, or if the original complaint was responded to by the chair or director of the department or area, the student should address his or her complaint to the appropriate dean or vice president.
3. The administrator should conduct an informal investigation as warranted to resolve any factual disputes.
4. Upon the student’s request, the administrator shall appoint an impartial fact-finding panel of no more than three persons to conduct an investigation.
5. The administrator must state the terms and conditions of the investigation in a memorandum appointing the fact-finding panel. A fact-finding panel appointed her under shall have no authority to make recommendations or impose final action.
6. The panel’s conclusions shall be limited to determining and presenting facts to the administrator in a written report.
7. Based upon the report of the fact-finding panel, if any, the administrator shall make a determination and submit his or her decision, in writing, to the student and to the person alleged to have caused the complaint within 10 calendar days of receipt of the panel’s report.
8. The written determination shall include the reasons for the decision, shall indicate the remedial action to be taken, if any, and shall inform the student of the right to seek review by the appropriate vice president (or provost if the administrator is a vice president).

Grievance Final Appeal

Within ten calendar days of receipt of the administrator’s decision, a student who is not satisfied with the response of the administrator may then:

1. Seek further review by submitting a grievance, using the online Student Grievance Form. At the time of filing the grievance online, the students must submit all written communications regarding the complaint.
2. If the administrator is a vice president or associate provost, the student’s grievance will be forwarded to the University Provost for further review. The Provost may delegate another administrator to act on his/her behalf.
3. In non-academic cases, the Associate Vice President for Student Success & Engagement action will be limited to a review of the basis for the administrator's decision and need not involve a de novo factual investigation. The Associate Vice President for Student Success and Engagement may, but is not required to, direct that further facts be gathered or that additional remedial action is taken.
4. Within 15 calendar days of receipt of the request for review, the Associate Vice President for Student Success & Engagement shall submit his or her decision in writing to the student and to the person alleged to have caused the grievance. The written disposition shall include the reasons for the decision, and it shall direct a remedy for the aggrieved student.
C. **Intellectual Diversity**

Edward Waters University respects the views and perspectives of all participants in the learning environment. As such, the University welcomes intellectual diversity and the free exchange of ideas in a non-confrontational environment. If you feel that you have been treated unfairly on the basis of your personal beliefs or affiliations, please contact the Associate Vice President for Student Success & Engagement. The Associate Vice President for Student Success & Engagement reports administratively to the Vice President for Student Success and Engagement.

V. **Jurisdiction**

The Associate Vice President for Student Success & Engagement has authority over the administration of the *Student Honor Code*. Students at Edward Waters University are provided a copy of the *Student Honor Code* annually in the form of a link on the Edward Waters University website and via email at the beginning of each semester. Students are responsible for having read and for abiding by the provisions of the *Student Honor Code*.

The *Student Honor Code* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, and all Edward Waters University recognized student organizations. For the purposes of student conduct, the Edward Waters University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in Edward Waters University. In the even that serious misconduct occurs after a student has been admitted but prior to matriculation, Edward Waters University may invoke these procedures and require documentation regarding the misconduct. Should a pre-matriculated student be found responsible for the misconduct, Edward Waters University may rescind an offer of admission.

Edward Waters University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw or have graduated for any misconduct that occurred prior to the leave, withdrawal or graduation. If sanctioned, a hold may be placed on the student’s ability to re-enroll, obtain official transcripts, and/or graduate. All sanctions must be satisfied to be eligible for re-enrollment. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, Edward Waters University may invoke these procedures. Should the former student be found responsible, Edward Waters University reserves the right to revoke that student's degree.

The *Student Honor Code* applies to behaviors that take place on the campus, at University sponsored events, or in or on University property. They may also apply off-campus when the Associate Vice President for Student Success & Engagement or their designee determines that the off-campus conduct affects a substantial Edward Waters University interest.\(^1\) A substantial Edward Waters University interest is defined to include:

- Any situation where it appears that the student’s conduct may present a danger or threat to the health or safety of him/herself or others; and/or
- Any situation that significantly impinges upon the rights, property or achievements of self or others; and/or
- Any situation that is detrimental to the educational mission and/or interests of the University;

\(^1\) Adapted, with gratitude, from Penn State University.

The *Student Honor Code* may be applied to behavior conducted online, via email or other electronic
Students should also be aware that online postings such as blogs, web postings, chats, and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. Edward Waters University does not regularly search for this information but may take action if and when such information is brought to the attention of Edward Waters University officials. However, most online speech by students not involving Edward Waters University networks or technology will be protected as free expression and not subject to this Code, with two notable exceptions:

- A threat is defined as "a threat a reasonable person would interpret as a serious expression of intent to inflict bodily harm upon specific individuals";

- Speech posted online about Edward Waters University or its community members that cause a significant disruption on campus or to campus operations.

The Student Honor Code applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. Visitors to and guests of Edward Waters University may seek resolution of violations of the Student Honor Code committed against them by members of Edward Waters University community. The Code may also be applied to resident non-students, campers, and high school bridge/extension/partner/dual-credit and continuing education programs by contractual agreements.

There is a six-week time limit on reporting violations of the Student Honor Code; however, the longer someone waits to report an offense, the harder it becomes for Edward Waters University officials to obtain information and witness statements and to make determinations regarding alleged violations.

Though anonymous complaints are permitted, doing so may limit Edward Waters University ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Associate Vice President for Student Success & Engagement Office, or Campus Safety and Security.

A responding student facing an alleged violation of the Student Honor Code is not permitted to withdraw from Edward Waters University until all allegations are resolved.

2 NOTE:

Many students are simply electing to withdraw once notified that they are facing an accusation. Withdrawal, like admission, should require an administrative action. A student can request a withdrawal for any number of reasons, which can then be administratively approved or denied. In this approach, a request would be denied until the conduct complaint is resolved if a complaint is pending at the time of the withdrawal request. Yes, a student may effectively withdraw themselves by dropping out but must go through the process to change their status officially. This approach resolves the challenge of proceeding with the conduct process after a student withdraws because technically, an institution cannot sanction a non-student (which is what a student is after they withdraw). Once the process is complete, if the student is sanctioned, the student must complete the sanctions before becoming eligible to re-enroll, if at all. A hold on withdrawal can be placed accordingly until then.
VI. Communication

Edward Waters University email is the institution's primary means of communication with students. Students are responsible for all communication delivered to their Edward Waters University email address. Students should check their Edward Waters University email address daily. Notices of an investigation, meetings, and hearings are sent to Institution email addresses.

VII. COVID-19 CORE Plan

Edward Waters University has developed a campus master plan to address the safety concerns and needs for the institution’s community. Students are required to adhere to all guidelines implemented within the CORE Plan. Students found in violation of the guidelines under the CORE plan will be held responsible under the Student Honor Code up to suspension from Edward Waters University. Students can visit www.ew.edu/covid to review all information pertaining to EWU’s response to the pandemic. For more information regarding the EWU CORE Plan, click here.

6. The life of an organization is reflected in its membership, acting collectively and/or individually in fostering the goals, purposes, activities, and identity of the group. Members have responsibilities to their organization to conduct their personal behavior in a manner that does not negatively reflect on the organization, particularly in matters that can be related to the functions and activities of the organization.

7. The organization is expected to educate their members on the appropriate and legitimate ways in which the individual member is to foster the organization’s existence at the Institution and to take organizational action when the individual fails to adhere to the standards of the organization or the Institution.

8. Consequently, an organization may be held responsible for a member’s behavior when that member’s behavior is demonstrably related to the organization’s life and draws attention to the organization rather than to the member as an individual student.

9. Such behavior includes, but is not limited to, actions of organization’s officers, discussions, and announcements at organization meetings or via organization social media/email list serves, or when it has been alleged or determined the member was engaged in the active promotion.

X. Student Due Process Rights

A student and/or organization who has been charged with a violation and thus alleged to be involved in misconduct or inappropriate behavior will be granted the following in order to ensure fundamental fairness in the Institution student conduct process:

1. **Notice of Charges** - To be informed in writing of the specific violation and inappropriate behavior in which the student or organization is suspected of involvement.

3. **Hearing** - To have an opportunity to be heard in person before a decision is made.
4. **Evidence** - To know the nature of the evidence and to be able to question witness except in extenuating circumstances.
5. **Witness** - To be able to offer a defense by having a material and/or character witness speak on his/her behalf.

If an accused student desires to have an advisor/attorney of their choice present at the hearing, that advisor may not speak or represent the student. They are present for consultation purposes only. In addition, students who would like to have an advisor/attorney present will need to notify the Associate Vice President for Student Success & Engagement Office of the person's name and contact information at least three (3) business days prior to the scheduled hearing. This prior notification will provide an opportunity for the Associate Vice President for Student Success & Engagement Office to request Institution Counsel's presence at the hearing.
7. **Written Decision** - To have a written response reporting the results of the hearing.
8. **Appeal** - To appeal a decision of a hearing officer or Conduct Board except when admitting guilt and minimum sanction is given.

The Associate Vice President for Student Success & Engagement has the right to overturn a decision of the Director of Student Integrity and Conduct, the Conduct Board, the Housing Review Board and/or the Sexual Misconduct Committee if he/she determines that a decision undermined the integrity of the student conduct process. The Provost reserves the right to overturn any decision rendered by the Academic Review Panel if he/she determines that a decision undermined the integrity of the student conduct process. All appeals end with the Vice President of Student Success and Engagement or the Provost, respectfully.

XI. Parental/Guardian Notification Policy

Student conduct records are considered confidential under the Family Educational Rights and Privacy Act of 1974 (FERPA). This legislation, better known as the Buckley Amendment, protects student records, which include conduct files. All rights regarding a student file pass from the parent to the student when the student turns 18, or when the student attends an institution of higher education. At the Institution level, college officials must have a “need to know” compelling the release of a student record. Since the enactment of FERPA, Congress has made several amendments to the law. One of which allows an institution of higher education to notify parents of alcohol and other drug violations, if the student is less than 21 years of age at the time of notification.
The Office of the Associate Vice President for Student Success and Engagement reserves the right to notify the parents of students under the age of 21 who violate alcohol and other drug provisions of the Student Honor Code, or who in our professional judgment are considered to be a danger to themselves or others.

Upon receipt of an alcohol or other drug violation by a student under the age of 21, the Associate Vice President for Student Success & Engagement will staff the case and make a decision regarding parental notification based on the particular circumstances of the offense and the student’s history. Parents will be notified by letter or phone, depending on the circumstances of the case.

In all other cases, EWU will not release information regarding a student’s conduct case or even that a conduct case exists, without a signed release of information from the student unless we are complying with a court order or following the Vice President for Student Success & Engagement policies regarding notification. When the student’s actions put his/her health and/or academic future in imminent jeopardy, then we believe that by bringing parents/guardians into the loop we will be able to assist the student in getting back on track.

Ultimately, the student’s choices determine our response.

**XII. Appropriate Use and Information Security/Confidentiality Policy**

To provide Edward Waters University (EWU) faculty, staff, and students with accessible and professional computing facilities and establish appropriate terms, conditions, and restrictions on the use of said facilities. This appropriate use policy covers all computing assets of Edward Waters University. "Computing assets" includes but is not limited to all networks, desktop computers, servers, printers, email services, web services, and any computer access. To protect the integrity, security, and confidentiality of data and/or information stored on Edward Waters University computing systems.

Although not exhaustive, the following list emphasizes activities that are NOT allowed on Edward Waters University, networks or computer systems. No Institution computing facility or service or any other Institution computing asset will be used in any illegal activity, including but not limited to:

1. conduct or behavior that is prohibited by Institution policies including harassment or hatecrimes as defined in these policies and state and federal laws and regulations;
2. commercial activity not authorized in writing by an Officer of the Institution;
3. accessing or distributing any type of illegal pornography;
4. the "hacking" of any computer system;
5. distributing or making unauthorized use of any data, information stored in the computing systems;
6. knowingly recording any inaccurate or false data in Institution records;
7. using or having others use Institution technology for personal business;
8. giving their passwords or access to any other person (Institution or outside personnel);
9. making, distributing, or using unauthorized or illegal copies of licensed and/or copyrighted software, media, or material;

**XV. Violations of the Law**

Alleged violations of federal, state and local laws may be investigated and addressed under the *Student Honor Code*. When an offense occurs over which Edward Waters University has jurisdiction, the University conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident. The criminal process and the *Student Honor Code* process are two independent processes.

Edward Waters University reserves the right to exercise its authority of interim suspension upon notification that a student has been arrested, is facing a criminal investigation and/or complaint. Interim suspensions are temporary suspensions imposed until a hearing can be held. Students who are placed on a vehicle suspension may not be on Institution property, attend, events or attend classes. Within that time, the suspended student may request an immediate hearing from the Associate Vice President for Student Success & Engagement to show cause of why the interim suspension should be lifted. This hearing may resolve the allegation or may be held to determine if the interim suspension should be continued. The interim suspension may be continued if the student is considered a danger to the community and/or if Edward Waters University may be delayed or prevented from conducting its own investigation and resolving the allegation by the pendency of the criminal process. In such cases, Edward Waters University will only delay its hearing until such time as it can conduct an internal investigation or obtain sufficient information independently or from a law enforcement upon which to proceed. This delay will be no longer than two weeks from notice of the incident unless a longer delay is requested in writing by the complaining party to allow the criminal investigation to proceed before the Institution process.

Students accused of crimes may request to take a leave from the Edward Waters University until the criminal charges are resolved. In such situations, the Edward Waters University procedure for voluntary leaves of absence is subject to the following conditions:

- The responding student must comply with all campus investigative efforts that will not prejudice their defense in the criminal trial; and
- The responding student must comply with all interim actions and/or restrictions imposed during the leave of absence; and
- The responding student must agree that, in order to be reinstated to active student status, they must first be subject to, and fully cooperate with, the campus conduct process and must comply with all sanctions that are imposed.

XIX. Academic Dishonesty and Misconduct

Academic dishonesty or misconduct is any action or an attempted action that may result in creating an unfair academic advantage for oneself or an unfair academic advantage or disadvantage for any other member or members of the academic community. This includes a wide variety of behaviors such as cheating, plagiarism, altering academic documents or transcripts, gaining access to materials before they are intended to be available, and helping a friend to gain an unfair academic advantage. In the absence of clarity, students are responsible for seeking out information when unsure of what is expected. Below are some basic definitions and examples of academic dishonesty and misconduct. Please note that this list is not exhaustive.

A. Cheating

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question, such as:

- Copying or attempting to copy from others during an exam or on an assignment.
- Communicating answers with another person during an exam.
- Preprogramming a calculator to contain answers or other unauthorized information for exams.
- Using unauthorized materials, prepared answers, written notes, or concealed information during an exam.
- Allowing others to do an assignment or portion of an assignment for you, including the use of a commercial term-paper service.
- Submission of the same assignment for more than one course without prior approval of all the instructors involved.
- Collaborating on an exam or assignment with any other person without prior approval from the instructor.
- Taking an exam for another person or having someone take an exam for you.

B. Plagiarism

Plagiarism is defined as the use of intellectual material produced by another person without acknowledging its source, for example:

- Wholesale copying of passages from works of others into your homework, essay, term paper, or dissertation without acknowledgment.
- Use of the views, opinions, or insights of another without acknowledgment.
- Paraphrasing of another person's characteristic or original phraseology, metaphor, or other literary devices without acknowledgment.

C. Course Material Tampering

- Removing, defacing, or deliberately keeping from other students library materials that are on
reserve for specific courses.

- Contaminating laboratory samples or altering indicators during a practical exam, such as moving a pin in a dissection specimen for an anatomy course.
- Selling, distributing, website posting, or publishing course lecture notes, handouts, readers, recordings, or other information provided by an instructor, or using them for any commercial purpose without the express permission of the instructor.

D. False Information and Representation, Fabrication or Alteration of Information

- Furnishing false information in the context of an academic assignment.
- Failing to identify yourself honestly in the context of an academic obligation.
- Fabricating or altering information or data and presenting it as legitimate.
- Providing false or misleading information to an instructor or any other Institution official.

E. Theft or Damage of Intellectual Property

- Sabotaging or stealing another person’s assignment, book, paper, notes, experiment, project, electronic hardware or software.
- Improper access to, or electronically interfering with, the property of another person or the Institution via computer or other means.
- Obtaining a copy of an exam or assignment prior to its approved release by the instructor.

F. Alteration of Institution Documents

- Forgery of an instructor’s signature on a letter of recommendation or any other document.
- Submitting an altered transcript of grades to or from another institution or employer.
- Putting your name on another person’s exam or assignment.
- Altering a previously graded exam or assignment for purposes of a grade appeal or of gaining points in a re-grading process.

G. Disturbances in the Classroom

Disturbances in the classroom can also serve to create an unfair academic advantage for oneself or disadvantage for another member of the academic community. Below are some examples of events that may violate the Student Honor Code:

- Interference with the course of instruction to the detriment of other students.
- Disruption of classes or other academic activities in an attempt to stifle academic freedom of speech.
- Failure to comply with the instructions or directives of the course instructor.
- Phoning in falsified bomb threats.
XX. Sanctions

A sanction is an opportunity to educate students on the effects of their behavior and to attempt to affect change in that student's behavior in the future. Any student found responsible for violating any of the Codes of Conduct or Institution regulations or policies may be subject to one or more sanctions. Failure to complete the conditions outlined in any sanction will result in a HOLD being placed on the student's records and registration. A HOLD on student records and registration will, for example, prevent the student from registering and from obtaining transcripts, verifications, or a diploma from the Institution until the student satisfies the conditions of the sanction.

Criteria for assigning sanctions are determined by several factors: the severity of the misconduct, the nature of the incident, and the student's prior conduct record.

Listed below are some of the more common sanctions used at Edward Waters University, but if circumstances require it, alternative or additional sanctions may be put into place. The Office of Student Integrity and Conduct has no authority over citations given to students by Campus Security officers.

A. Formal Warning

In cases of minor violations, students will be placed on a formal warning status for one (1) calendar year.

B. Residential Probation

A residential probation is a warning similar to, but more serious than, a formal warning. A student may be placed on residential probation for a specified period not to exceed a student’s graduation.

C. Disciplinary Probation

This sanction may prohibit the individual from representing the college in any official capacity. Probation shall be for at least three months or could continue throughout the student's enrollment at Edward Waters University. Further violations of university policies, including violation of probation terms, will probably result in removal from the institution.

D. Residential Suspension

A residential suspension involves the withdrawal of residential privileges for a specified period of time and ordinarily carries with it conditions, which must be met before the ability to reside and/or visiting a residential facility.

E. Suspension

Suspension involves the withdrawal of enrollment privileges for a specified period of time and ordinarily carries with it conditions, which must be met for re-enrollment. During the period of suspension, the student may not come onto campus, except when specifically authorized in writing by the Director of Student Integrity, Associate Vice President of Student Success and Engagement, or the Vice President of Student Success and Engagement, or designee. Failure to abide by this condition may result in arrest.
for trespassing and/or further disciplinary sanctions. Suspended students are not permitted to live or board in University facilities. Re-enrollment after a suspension requires that the student applies to Associate Vice President for Student Success and Engagement, Vice President for Student Success and Engagement, or designee at the close of the imposed period for a determination of whether they have met the conditions of conduct related sanctions. Students suspended may not receive credit for college work completed by correspondence or in residence at another Institution without prior permission from the Vice President of Student Success and Engagement. Records of suspension are maintained indefinitely.

F. Expulsion

Expulsion is a permanent dismissal from the Institution. These records are maintained indefinitely.

G. Educational Sanctions

All consequences of conduct hearings are intended to be educational. Educational sanctions may be imposed in combination with or as a condition of any other disciplinary sanction. Educational sanctions may, for example, require the respondent to prepare letters of apology, to research an issue related to the offense, to attend a workshop, lecture or meeting, to perform community service, or to attend counseling.

H. Behavioral Contract

A contract is written by an administrator and student(s) for the purpose of improving behavior/attitude. The behavioral contract includes specific obligations or behaviors which the student(s) must meet within a specified time period. The contract serves as the working agreement between the student(s) and the administrator.

I. Community Service

For incidents where the student has engaged in behavior that has an impact on all or a portion of the Institution community, students are required to give back to the community. Students required to complete community service hours are given a form (Community Service Agreement) to be completed, with a list of common departments or non-profit organizations, on and off campus that students may work with to complete their service requirements. If a student chooses to work with an organization that is not on this list, the student is strongly encouraged to contact the Director of Student Integrity and Conduct prior to beginning work.

J. Restitution

Restitution is compensation required of students who engage in theft, misuse, damage, or destruction of institutional, group or private property. The amount of restitution is dependent upon the extent of damage as well as what is determined to be the most appropriate way for a student to make amends for the damage caused. The amount, form, and method of payment of restitution are determined by the hearing administrator or the board.

K. Fines

For some violations, fines may be imposed. At the discretion of the hearing officer, fines and/or work assignments may be imposed.
**L. Removal from a Living Unit**

In imposing this sanction, the hearing officer may require a student to vacate a particular residence hall. Circumstances in the environment such as conflicts with supervising personnel, peer pressure or an unwillingness to recognize and respect the rights of others may indicate a need for the use of this sanction.

**M. Revocation of Admission and/or Degree**

Admission to or a degree awarded from the college may be revoked for fraud, misrepresentation, or other violation of Institution standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.

**N. Withholding Degree**

The Institution may withhold awarding a degree otherwise earned until the completion of the process set forth in this student conduct code, including the completion of all sanctions imposed.

**O. Interim Suspension**

The Associate Vice President or Vice President for Student Success and Engagement, or designee may restrict access to Institution property/event or suspend a student for an interim period prior to a resolution of a disciplinary proceeding if reliable information that the student has engaged in misconduct is present and it is determined that the continued presence of the student on the Institution campus or at Institution sponsored events poses an immediate threat of harm to the student or other individuals, loss of property, or may cause substantial disruption to the educational mission of the Institution.

**XXI. University Conduct Boards**

In establishing a responsible community, it is imperative that students, faculty, and staff assist in the enforcement of Institution regulations. Edward Waters University community members are accountable to both civil authorities and to the Institution for acts, which constitute violations of law and of the community. The University will refer matters to federal and/or state authorities for prosecution when appropriate. Students accused of violating the value standards of conduct of this code or the zero tolerance policy shall be given prompt written notice of the allegations, and shall be entitled to an informal hearing before a student judicial body or person. There are three hearing panels that make up the Institution Honor Board:

**A. Formal Conduct Hearing Panel**

The Formal Conduct Hearing Panel is charged with hearing alleged violations of the Student Honor Code referred to The Office of the Student Integrity & Conduct. The Formal Conduct Hearing Panel shall consist of five members from the University community of whom ten shall be members of the faculty and/or staff appointed by the Vice President of Student Success and Engagement, Associate Vice President of Student Success and Engagement, or designee. Five members shall be regularly enrolled students who serve on the Student Government Judicial Branch. Only three (3), one student, and two faculty/staff will be needed per hearing. The Vice President of Student Success and Engagement, Associate Vice President of
Student Success and Engagement, or designee shall appoint each year, several faculties or staff members to act as Chairpersons of the Conduct Hearing Panel. The University Formal Conduct Hearing Panel shall hear cases involving alleged violations of the Student Conduct of Code.

B. Academic Review Panel

Charged with hearing alleged violations of the Academic Integrity Value, including but not limited to plagiarism, cheating, misrepresentation and/or fabrication of one’s work and all other forms of academic dishonesty shall be referred to the Academic Review Panel by the Institution Provost, or designee. Cases involving academic dishonesty may initially be heard by bodies established by the Institution or the faculty member who may offer the student a grade sanction. The Academic Review Panel shall consist of five members of whom three shall be members of the faculty appointed by the Provost of the Institution or his/her designee and two shall be regularly enrolled students who serve on the Student Government Judicial Branch. The Provost, or designee, shall appoint, each year, a faculty member to act as Chairperson of the Academic Review Panel.

C. Housing Review Panel

Charged with hearing alleged violations specific to the Residence Hall policies, rules, and regulations, by residents and/or their guests. Incident reports are submitted to the Director of Housing and Residence Life for review. The Housing Review Panel of the Institution shall consist of five members of whom two shall be members of the Residence Life staff or two staff members from the disciplinary committee and two shall be regularly enrolled students from the disciplinary committee or two student Residential Assistants and one Chairperson appointed by the Director of Residence Life and Housing, Associate Vice President for Student Success and Engagement, or the Vice President of Student Success and Engagement. The Director of Residence Life and Housing shall appoint a member of Hall Management professional staff to act as Chairperson of the Housing Review Panel. The Chairperson of the Conduct Hearing Panel may also serve as the chair of the Housing Review Panel. If a violation of the code is established, a punishment imposed by the panel may include but is not limited to, relocation, restitution, fines, residence hall probation, suspension or dismissal from the Residence Hall.

XXII. Disciplinary Process

A. Filing a Report

1. Any person attending University programs, using University facilities, working at or for the University, or participating in University-sponsored events or activities may file a complaint against a student. The complaint should be filed using the online Student Incident or Concern Form found on the Office of Residence Life and Housing webpage. Incident Reports can also be emailed to the Director of Student Integrity and Conduct.

2. Timeline for Complaints: Complaints of student non-academic conduct should be made as soon as possible or at maximum within six weeks of the incident or event that is the subject of the report. In exceptional circumstances, the Director of Student Integrity and Conduct may grant an extension to this time limit.
3. Dual Reporting: Non-academic conduct may be both a violation of University policy and law, and as such, the Institution encourages complainants to make reports to both local law enforcement agencies and the Institution. Because the standard of proof required in criminal law is different from the standard of proof required in University policy, the result of criminal investigations is not dispositive of whether a violation of University policy has occurred. In addition, the criminal investigation will not take the place of a Institution investigation, although such criminal investigation may supplement a Institution investigation. The University will not wait for the conclusion of a criminal investigation to begin conducting its own independent investigation, or to take interim measures to protect the University or any member of the University community, or when necessary, to initiate hearing procedures as outlined below.

4. Information requested: When filing a complaint, the complainant should provide as much detail as possible regarding the nature of the complaint and any witnesses. The more information that you can provide, the better equipped the Institution will be to address the complaint. The University suggests you provide the following information to the extent possible:
   - Name and contact information (address, telephone, email) for the complainant;
   - Name of person(s) directly responsible for the alleged violations of policy;
   - Date(s), time(s), and place(s) of the alleged violation(s);
   - Detailed description of the specific conduct that is the basis of the alleged violation(s);
   - Copies of any documents or other tangible items pertaining to the alleged violation(s);
   - Names and contact information for any witnesses to the alleged violation(s); and
   - Any other relevant information.

All information is requested within the Student Concern and Incident Report.

B. Charges

1. Intake and Review: All concerns and complaints about a student’s or students’ conduct shall be referred to the Office of Student Integrity and Conduct via the online incident and concern form. The Director of Student Integrity and Conduct will review the allegations and select the appropriate charges to be considered, if any.

   a) When appropriate, the Director of Student Integrity and Conduct will meet with the complainant in order to provide the complainant a general understanding of these procedures and to identify forms of support or interim measures available to the complainant.

   b) If the complainant does not wish to pursue resolution and/or requests that his/her complaint remain anonymous, the University may still need to investigate and take reasonable action in light of the complainant’s request.

   c) The complainant’s request will be balanced against the University’s need to provide a learning and working environment for all members of the Institution community that
is reasonably safe and non-discriminatory.

d) Factors that will influence the University action include: the seriousness of the allegation; whether there are additional complaints involving the same alleged student; and the University’s ability to bring the complaint forward absent the involvement of the complainant.

2. Interim Measures: To ensure the health, welfare, and safety of the complainant, respondent, third-parties or the Institution community, or to uphold the integrity of the process, the University may take interim action at any time and is not required to wait to take such action until after the Intake and Review or a hearing. Depending on the specific nature of the allegation, interim action may include but is not limited to the following:

- Imposition of a No-contact order (a directive that the complainant and accused student refrain from having contact with one another, their families, and/or their personal possessions, directly or through proxies, whether in person or via electronic means, pending the investigation and, if applicable, the hearing);
- Provision of counseling services;
- Provision of medical services;
- Provision of academic support services, like tutoring;
- Provision of alterations to the student’s class schedule to ensure the complainant and alleged student do not attend the same classes;
- Moving the complainant or alleged student to a different student housing facility;
- Removing a student from residential facilities (See Residential Suspension); and
- Provision of an escort to ensure the student can move safely between classes and university activities.

3. Standard of Proof: A violation of University policy will be found and the accused student will be found responsible if the Director of Student Integrity and Conduct, or Formal Conduct Hearing Panel by a majority vote, finds it more likely than not that the accused student violated Institution Policy based on all of the information presented during the investigation and hearing process.

C. Notice of Charges

All reports of alleged violations by a student shall be made in writing to The Office of Student Integrity and Conduct. Each complaint shall contain a statement of facts outlining each alleged act of misconduct and any witnesses to the alleged act. The Office of Student Integrity and Conduct shall make preliminary investigations of charges against a student and send a notice of charges to the student.

a. The Director of Student Integrity and Conduct shall issue a notice of charges to the accused student. The notice of charges shall contain at a minimum, the date of the alleged violation, any available evidence to be used in support of the alleged violation and the date and time of the pre-hearing conference. The notice will request that the accused student meet with the Director of Student Integrity and Conduct or may choose to by-pass this step and forward a case for formal procedures at his/her discretion and/or if the violation is a Zero Tolerance Policy violation.

b. The student shall be notified of the date and time of the pre-hearing conference via their
university email within five business days of receiving an incident report. It is the student’s responsibility to ensure that he or she has a working email. In addition, it is the student’s responsibility to make sure that his or her local and home addresses are updated in all university systems. (Failure of the student to have a valid email or mailing address on file with the University shall not invalidate the notice).

D. Pre-hearing Conferences

The Director of Student Integrity and Conduct, or designee, holds pre-hearing conferences with the accused student or refers cases to the appropriate disciplinary panel. The Director of Student Integrity and Conduct shall set the time and place for a hearing and shall notify other committee members, the accused student, and any witnesses deemed necessary by the Institution to testify at the hearing.

a. At the pre-hearing conference, the student will be given the opportunity to accept responsibility for the violation and waive their rights to a formal hearing and any sanction appeal. Students can also request a formal hearing with the appropriate hearing panel.

b. Students who fail to attend the pre-hearing conference will be found in violation and have sanctions imposed, waiving any opportunity for a sanction appeal. Students sanctioned in their absence will be notified in writing within 48 hours and the case will be considered closed.

E. Formal Conduct Hearing

Formal Conduct Hearings are scheduled for the upcoming Friday of each week, unless otherwise informed by the Director of Student Integrity and Conduct. The Director of Student Integrity and Conduct, or designee, shall notify the student in writing of their formal hearing date. The notice shall be communicated via their university student e-mail address.

The notice of charges shall contain at a minimum:

- The date, time and place of the hearing.
- A description of charges

a) If a student fails to appear at the hearing and the student has been properly notified, the hearing officer and/or committee may hold the hearing in the student’s absence. After a review of the testimony and evidence the committee may dismiss the charges; find the student responsible and impose a disciplinary penalty unless the charge falls into the category of Zero Tolerance to which the sanctions outlined in the Honor Code will be enforced.

b) It is the student’s/student organization’s right not to be present for the hearing. The hearing may go forward without the student/student organization and a decision may be made on the basis of the information available at the time of the hearing. If a student fails to resolve his/her case, the Office of Student Integrity and Conduct may place a hold on a student’s enrollment and/or transcripts.

c) If the student’s schedule should change and he or she is unable to attend the hearing, requests
for continuance must be made by the student via email to SIC@ewc.edu at least 24 hours prior to the scheduled hearing. The Director of Student Integrity and Conduct may reschedule the hearing if the request is timely and for good cause. Note that approval for rescheduling hearing proceedings is at the discretion of the University. Documentation will need to be presented to and verified by the Director of Student Integrity and Conduct before the continuance is granted (i.e. incarceration, death in the family, hospitalization, deployment, etc.).

d) The Director of Student Integrity and Conduct will be responsible for notifying all witnesses of the hearing and for the creation of the Formal Conduct Hearing Panel file.

e) Copies of the Formal Conduct Hearing Panel file will be made available to the Panel prior to the hearing and will contain, at a minimum, statement of complaint, witness lists submitted by each party, and any related information collected through the investigative process by the Hearing Officer.

f) Any member of the Formal Conduct Hearing Panel shall disqualify himself or herself if their personal involvement in the case does not allow them to be objective or is of such a nature as to be detrimental to the interest of the accused or of the institution.

g) Deliberations are conducted in an executive session with the hearing panel only. The recommendation reached after deliberations shall be made by majority vote. A quorum shall consist of three members, two faculty and/or staff members and one student. One of the two faculty/staff members must be the Chairperson who votes only in case of a tie. A written summary, recommendations, and audio tape shall be forwarded to the Director of Student Integrity and Conduct or Associate Vice President of Student Success and Engagement, as deemed appropriate, who shall communicate the findings in writing to the student. The notice of findings will notify the student of their right to appeal.

h) While an appeal is pending, any action assessed by the hearing body shall be suspended, pending the outcome of the appeal. The Vice President of Student Success and Engagement’s decision is final. Only a sanction of suspension or expulsion may be appealed to the President of the Institution. **(See exceptions below)

i) Due process shall be afforded the accused student at formal conduct hearings and the student shall be entitled:
   - To be present at the hearing and hear all testimony presented.
   - To examine prior to the hearing, evidence to be presented.
   - To have an advisor of his/her choice.
   - To question witnesses in accordance with the rules.
   - To present evidence and/or witnesses in accordance with the rules.
   - To remain silent and have no inference of guilt drawn from such silence.
   - To appeal if the committee imposes suspension or expulsion.
   - To attend classes and required college functions until a hearing is held and a decision is rendered. **(See exceptions below)
**Exceptions to this would be made when the student's presence would create a clear and present danger to others, self, or of material interference with the normal operation and processes or the requirements of appropriate discipline at the Institution. In such cases, the Office of the VPSSE may impose temporary protective measures, including suspension, pending a hearing, which may be reasonably necessary. It is understood that such temporary protective measures if applied, will be without avoidable prejudice to the student. (Clear and present danger is anything that interrupts the normal operations of the Institution community. This can include by it not limited to: Drugs, Sexual Misconduct, Weapons, Fighting, Gang Related Activity/Affiliation, Tampering or Destroy of Safety Devices, Bully/Cyberbullying, Hazing, and Damages in Excess of $500.00).

i. **Formal Conduct Hearing Procedure:**

   a. In cases involving more than one student, the Director of Student Integrity and Conduct may consolidate the cases for hearing but shall make separate findings for each accused student.

   b. If the student chooses to have an advisor/attorney present during the hearing, the advisor/attorney shall be present for consultation purposes only and shall not be permitted to speak on the students’ behalf. In addition, students who would like to have an advisor/attorney present will need to notify the Director of Student Integrity and Conduct of the person’s name and contact information at least two days prior to the scheduled hearing. This prior notification will provide the opportunity for the Director of Student Integrity and Conduct to request the University counsel to present their counsel at the hearing.

   c. Rules of common courtesy and decency shall be observed. Willful disrespect, to include, but not limited to use of profanity, threatening behavior, derogatory remarks, and/or gestures will not be tolerated.

   d. Any person may be dismissed from the hearing that interferes with or obstructs the hearing or who fails to abide by the rulings of the chairperson.

   e. The questioning of any person appearing before the hearing panel shall not be in a badgering, unduly repetitious, or irrelevant manner. It shall be at the discretion of the chairperson to curtail a participant’s further opportunity for questioning if such behavior occurs.

   f. The chairperson shall have the right to call additional witnesses, require the presentation of additional evidence, and/or require additional investigation.

   g. The Formal Conduct Panel Hearing will determine the order of witnesses, and the Chair will resolve any questions of procedure during the hearing. Each party will be allowed to make a presentation, have witnesses called on his/her behalf, challenge any information presented, and make a closing statement. Only the Chair and Panel members are given absolute authority to directly question parties and witnesses. At the discretion of the Chair, parties may directly question witnesses and each other, but the Chair is empowered to have questions directed to the Chair, disallow or reframe any questions.

   h. An audio taped record of the hearing shall be maintained and filed with the Director of Student Integrity and Conduct. The record of the hearing shall be retained for seven years. In cases of expulsion, the record should be retained permanently.
i. All hearings will be closed.

ii. Additional Rules for Sexual Assault Cases
   a. The accused shall not initiate any contact, directly or indirectly, with the complainant or any witness.
   b. During the hearing, no evidence may be presented which pertains to the past sexual history of the complainant or of any witness.
   c. During the hearing, unrelated past sexual history of the accused may not be entered as evidence or discussed in the hearing.
   d. The accused and the accuser will be notified in writing of the outcome of the hearing, any sanction imposed and of the final action taken by the Institution.
   e. The accuser shall have the right to have an advisor accompany them at the hearing.
   f. The accuser shall be informed of all witnesses to be called, to the extent known, during a hearing.
   g. All proceedings in cases involving sexual assault will be treated confidentially, to the extent provided by law and the identities of any involved party will not be disclosed to anyone not directly involved with the Institution’s disciplinary process.

iii. Campus Organizations and Clubs Adjudication
   a. A student organization may be accused of a violation of the Student Honor Code regardless of whether a member of the organization is individually accused of a violation arising from the same incident(s).
   b. A student organization and its officers, leaders, or any identifiable spokespersons may be held collectively or individually responsible when prohibited conduct by those associated with the Organization have received the implicit or overt consent or encouragement of the Organization or of the Organization’s leaders, officers, or spokespersons.
   c. The officers, leaders, or any identifiable spokespersons for a Student Organization may be directed by the Vice President for Success and Engagement, Associate Vice President for Student Success and Engagement, Student Activities and Leadership staff, Title IX Office staff, Campus Safety and Security Officers or other designated security or law enforcement agents to take appropriate action designed to prevent or end prohibited conduct by the Organization or by any persons associated with the Organization who can reasonably be said to be acting on the Organization's behalf. Failure to make reasonable efforts to comply with the directive shall be considered a violation of the Student Honor Code both by the individual officers, leaders, or spokespersons for the Organization and by the Organization itself.
   d. A Student Organization may be held accountable if any of the following situations regarding an alleged violation(s) of the Student Honor Code apply:
      1. it was committed by one or more members of the Organization;
      2. it was committed by one or more members of the Organization, and Organization
funds were used to finance the function;
3. it occurred in the context of an Organization-sponsored function; or

Officers acting in their capacity as representatives for the organization may be dealt with as individuals and official representatives of the organization.

Privileges may include, but not be limited to meeting and event space reservations, funding support, the ability to recruit new members, eligibility for the Organizational fair, use of the on-campus facilities, prohibited from participating in Institution sponsored activity/events, suspension of banking and/or financial advisement support, and/or public listing with EWU.

A suspended organization must apply for reinstatement following the term of the suspension by submitting a letter to the Office of the Vice President of Student Success and Engagement.

j. The responsibility of interpretation and enforcement of Institution regulations rests with the president and advisor of the organization sponsoring the event. Organizations' officers assume full responsibility for the conduct of their members, guests and entertainers.

l. In the course of an approved activity/event, the Department of Campus Safety and Security or an acting University official can discontinue a sanctioned activity/event when conditions arise that may not be in the best interest of the University.

F. Administrative Hearings

a. In situations where the behavior is a violation of a University Policy and the administrative sanction is less than suspension, or when suspension is a likely sanction and there is no disputation of facts by the accused student/student organization, an accused student/student organization shall meet with a Hearing Officer in an informal administrative hearing.

1. If an institution Policy violation is found, the Hearing Officer may assign any formal conduct sanction, educational sanction, or restriction, with the exception of expulsion.

2. If the accused student/respondent fails to participate in the process by failing to attend a meeting or providing information, the Hearing Officer may render a decision based on the available information.

3. An accused student/student organization who fails to participate or disagrees with the finding of the administrative hearing does not waive the right to appeal.

Administrative hearings for University Policy violations are the exception and not the norm, and are generally only held by the Director of Student Integrity & Conduct, the Associate Vice President for Student
Success and Engagement, the Vice President of Student Success and Engagement, the Provost, or the President of Edward Waters University.

G. Retaliation

Retaliation is prohibited: University policy prohibits retaliation against a complainant or individual cooperating in the investigation of an alleged violation of University Policy. Retaliation includes any harassment, intimidation, threats or adverse action against any complainant or individual as a result of participation in a complaint. Retaliatory behavior is not limited to behavior by the accused student, and covers behavior by his or her associates, as well as third parties. Retaliation should be reported to the Director of Student Integrity and Conduct, and is considered an independent allegation that may lead to additional interim measures or disciplinary action.

H. Rendering a Decision

Upon completion of the hearing, the Conduct Board must within two (2) working days inform the Director of Student Integrity and Conduct of the decision and, if necessary, the sanctions which have been recommended.

After a formal hearing before the Chair, the Director of Student Integrity and Conduct will review the report of the Panel and all hearing materials, determine whether to accept the recommendations, and provide written notification to the accused student and the complainant of the findings and sanctions, if any. Sanctions imposed by the Director of Student Integrity and Conduct are effective immediately unless otherwise specified in the notification. If sanctions are imposed, notice of the appeal procedure will be provided to both parties. Minor technical departures or errors in the procedures established by this policy will not necessarily be grounds to withhold conduct action.

The Director of Student Integrity and Conduct, based on the totality of information and the Student Honor Code, reserves the right to reasonably modify the charges included in the notification.

Additional Information

The Institution will strive to complete complaint investigations, including issuance of a report of findings to the complainant and accused student, in as timely and efficient a manner as possible and typically within fifteen (15) business days of receipt of a complaint. However, this timeframe may be extended based on factors such as, but not limited to, schedule and availability of witnesses, holidays or semester breaks including summer break, and complexity of the complaint. If an investigation cannot be completed within fifteen (15) business days of receipt of the complaint, then the Hearing Officer will notify the complainant and accused student of that fact and provide a timeframe for completing the investigation.

I. Appeal Procedures

An appeal is defined as a review of the original case. This may involve a review of the decision as recorded on paper, or other procedures as described below. During an appeal, the burden is placed on the appealing student or student organization representative to demonstrate why the finding or sanction should be changed.

The accused student shall appeal via an online electronic submission within two business days after notification of the decision of the hearing panel. A student may appeal on the following grounds:
1. A procedure was not followed.
2. A claim that the decision of the hearing panel was clearly erroneous.
3. A claim that the sanction(s) imposed was (were) overly harsh or inappropriate (only sanctions of suspension or expulsion may be appealed).
4. New evidence being presented, not available at a previous hearing that could exonerate the student.

Appeal requests may be denied in cases not having sufficient grounds in one or more of these areas. All appeals must be submitted via email to the Associate Vice President of Student Success and Engagement.

The Associate Vice President of Student Success and Engagement will review the entire hearing file and record of the hearing (if requested). The Associate Vice President of Student Success and Engagement may request a personal appearance of the student or organizational representative to discuss the incident in question. After reviewing the record, and depending upon the demonstrated grounds for appeal, the Associate Vice President of Student Success and Engagement may take any of the following actions:

1. Affirm the charge;
2. Impose greater or lesser sanctions; or
3. Order a new conduct hearing.

The action of the Associate Vice President of Student Success and Engagement considering an appeal will be communicated to the student or organizational representative via email. The Associate Vice President of Student Success and Engagement shall render his/her decision in writing within five business days from his/her receipt of an appeal. The decision of the Associate Vice President of Student Success and Engagement is final.

J. Student Disciplinary Records

Student conduct case records are confidential and will not be released outside the Institution without the student’s written permission or by order of a court of law. Exceptions are noted below. A copy of conduct case materials will stay in the student’s file for seven years from the date of the incident at which time it will be destroyed. All records involving suspension or expulsion are maintained indefinitely. Student conduct records are maintained in the Office of Student Integrity and Conduct. Notification within the Institution of conduct action taken against students is made on a “need-to-know” basis and includes but is not limited to: the Athletic Department in cases involving athletes, Student Life in cases involving fraternities or sororities, and Military Affairs in cases involving ROTC students. The Chaplaincy and Health and Wellness will be informed of cases involving circumstances where the services are needed.

In the case of suspension or expulsion, notification is sent to the University Registrar’s Office, The Office of Financial Aid, Academic Affairs, Campus Safety and Security, and The Office of Student Accounts, and any other University Office deemed “need-to-know”. Lesser sanctions, such as a formal warning or probation, do not affect a student’s academic standing. A conduct suspended and/or expelled student also has any campus access privileges suspended.

Records on student organizations are confidential and will not be released unless for official university purpose.
K. Withdrawal (Suspension or Expulsion)
A decision of suspension or expulsion from the Institution will result in a student receiving a WF for each course in which he or she is enrolled, regardless of when the infraction occurs that semester. A student will not be allowed to withdraw from the Institution without penalty if a decision of suspension or expulsion is rendered against the student. A student will also forfeit the right to a refund of any fees (i.e. tuition, mandatory fees, housing, etc.).

L. Interim Suspension
1. The Director of Student Integrity and Conduct, or designee, may restrict access to university property/event or suspend a student for an interim period prior to a resolution determined by a disciplinary proceeding if the Director of Student Integrity and Conduct has reliable information that the student has engaged in misconduct and the Director of Student Integrity and Conduct determines that the continued presence of the student on the Institution campus or at Institution sponsored events poses an immediate threat of harm to the student or other individuals, loss of property, or may cause substantial disruption to the educational mission of the University.

2. A student who has been issued an interim suspension and excluded from the Institution shall be required to leave the campus immediately and shall be notified that he or she will thereafter be treated as a trespasser if he or she returns to Institution property without proper authorization. The interim suspension will take effect immediately as of the Director of Student Integrity and Conduct decision.

3. Written notice of the interim suspension will be communicated by the Director of Student Integrity and Conduct or designee, but no later than one (1) business day after the suspension takes effect (unless additional time is needed or necessary). If written notice cannot be hand-delivered, the Director of Student Integrity and Conduct or designee shall send notice to the student via University email.

4. The interim suspension letter will provide the following:
   a. that the student has been issued an interim suspension from the Institution;
   b. that the student is prohibited from entering Institution property or attending Institution sponsored events;
   c. that the student will be considered a trespasser if he or she returns to the Institution without proper authorization;
   d. give stated reasons for the interim suspension and exclusion from the Institution property;
   e. that disciplinary action against the student will be initiated by the Director of Student Integrity and Conduct; and, that the student may request a formal hearing within (2) business days after a student has been notified of the interim suspension and exclusion from Institution property.
   f. A student placed on interim suspension means that the student cannot attend classes (including online learning) and must leave Institution property and cannot return to the Institution without proper authorization, i.e. except for the limited purposes of participating in an interim suspension review hearing and/or disciplinary hearing. The Director of Student Integrity and Conduct or Associate Vice President of Student Success and Engagement may require that the student is escorted to and from the disciplinary proceedings by members of Campus Security. If the student lives in
University owned/operated housing, he or she must vacate his/her room immediately and turn in the room key, as well as check-out properly according to the Residence Life and Housing contract.

5. Within two (2) business days after a student has been notified of the interim suspension and exclusion from Institution property, the student may request an interim suspension review hearing to determine whether the interim suspension should continue or whether the student should be reinstated and allowed to return to Institution property until a final disposition is made at the student disciplinary hearing.

6. The request must be submitted in writing to the Associate Vice President of Student Success and Engagement or designee, who shall review the conduct file to make a final decision to uphold or revoke the interim suspension.

7. The Associate Vice President of Student Success and Engagement or designee may affirm the original decision, maintaining the interim suspension and temporary exclusion until full disciplinary proceedings are held, or if delegated by the Associate Vice President of Student Success and Engagement, a panel may recommend that the interim suspension is lifted.

8. The Associate Vice President of Student Success and Engagement, or designee, shall thereafter notify the student that he or she is reinstated pending the outcome of the full disciplinary hearing or the interim suspension and temporary exclusion are to be continued subject to the outcome of the disciplinary proceedings. The notice will be provided within one (1) business day of the decision unless additional time is needed or necessary.

9. No interim suspension hearing shall take place of the full disciplinary proceedings which will determine whether the student shall be sanctioned for the misconduct charged. Failure to respond to the disciplinary action for the misconduct charge shall result in a finding against the student and result in permanent suspension for the academic semester and/or academic year. As a result, the student must apply for readmission before he or she can return to active matriculation at the University.
